

COGOLLOS DUROS Y PESADOS: ¡SIEMPRE!

ROX

FLOWER ENHANCER

ROX FUNCIONA DE CUATRO MANERAS:

- 1/ **CONTROLA LA ALTURA** a la que quieres que crezcan tus plantas
- 2/ Aumenta el número de brotes de floración en un **20-30%**
- 3/ Añade peso a **TODOS** los brotes de floración adicionales, para obtener rendimientos sustancialmente más pesados
- 4/ Acorta el tiempo de floración hasta **7 DÍAS**

FÁCIL DE USAR:
funciona en
cualquier sistema,
hydro, coco
o suelo.

ROX

FLOWER ENHANCER

ROX is a nutrient supplement designed to substantially enhance flowering in all blooming plants. ROX will greatly increase the yield, quality and appeal of your plants.

SHAKE WELL BEFORE USE. ROX should be used from the 2nd day of flowering and as late as the 35th day.

Re-circulating: Before using ROX make up a fresh nutrient solution. Use 5mls ROX per litre of Nutrient solution. Don't change your solution for one week. Top up nutrient solution as necessary.

Sol Grown Plants: Use 5mls of ROX per litre of nutrient solution. Apply 10 litres of solution per square meter of growing area.

Run to Waste System: Use 5mls of ROX per litre of working nutrient solution. Ensure plants receive ROX for at least 10 days.

Contains humates, seaweed extract, organic acids, PGARs and micronutrient.

KEEP OUT OF REACH OF CHILDREN. NOT TO BE TAKEN.
